

Session Program

Sep 21 - 23, 2016

HAP Workshop Topic 2 | The Non-Thermal Universe

Session 1

Wed, September 21

11:00 AM

Session 1: General Overview & WP 2.1 Multi-messenger Astroparticle Physics

Session | **Location:**

11:00 - 11:30

Scientific Highlights of astroparticle, neutrino and gamma ray physics

Speaker

Christopher van Eldik

11:30 - 11:55

Overview of gamma-ray related activities

Speaker

Stefan Ohm

11:55 - 12:20

Overview of neutrino-related activities

Speaker

Anna Franckowiak

12:20 - 12:35

A stochastic acceleration model for the Fermi bubbles

Speaker

Philipp Mertsch

12:35 PM
