

Session Program

Dec 7 - 9, 2016

HAP Workshop | Monitoring the non-thermal Universe

MWL and Multi-Messenger

Cochem (Mosel), Germany
Kapuzinerkloster, Klosterberg 5, 56812 Cochem

Fri, December 9

2:00 PM

MWL and Multi-Messenger: Part I

Session | **Location:** Kapuzinerkloster, Pater Martin Hall

14:00 – 14:20 **Blazar studies with ASTROSAT**

Speaker

Dr Amit Shukla

14:20 – 14:40 **Multimessenger Studies of Blazars**

Speaker

Dr Felicia Krauss

14:40 – 15:00

On the direct correlation between gamma-rays and PeV neutrinos from blazars

Speaker

Dr Shan Gao

3:00 PM

3:30 PM

MWL and Multi-Messenger: Part II

Session | **Location:** Kapuzinerkloster, Pater Martin Hall

15:30 – 15:50

INTEGRAL search for gamma-ray counterparts of gravitational wave and neutrino events

Speaker

Dr Volodymyr Savchenko

15:50 – 16:10

Photon searches with the Pierre Auger Observatory and the connection to TeV gamma-ray observations

Speaker

Daniel Kuempel

4:10 PM
