

Session Program

Dec 7 - 9, 2016

HAP Workshop | Monitoring the non-thermal Universe

Modelling

Cochem (Mosel), Germany
Kapuzinerkloster, Klosterberg 5, 56812 Cochem

Thu, December 8

2:15 PM

Modelling

Session | **Location:** Kapuzinerkloster, Pater Martin Hall

14:15 - 14:45 **Turbulence Acceleration Model for the Broad Band Blazar Spectra**

Speaker

Dr Katsuaki Asano

14:45 - 15:15

Time-dependent radiation signatures of relativistic reconnection in blazar jets

Speaker

Krzysztof Nalewajko

15:15 - 15:35

The Blazar Sequence and Accretion Disk Winds.

Speaker

Ms Stella Boula

15:35 - 15:55

Polarization Variability in Leptonic and Hadronic Blazar Models

Speaker

Prof. Markus Boettcher

3:55 PM
