

Session Program

October 31, 2017 to November 3, 2017

International Workshop on Medical Ultrasound Tomography

Session 2: Imaging and inversion II

Wed, November 1

11:00 AM

Session 2: Imaging and inversion II

Session | **Location:** Lecture hall | **Conveners:** Frank Natterer, Joost van der Neut

11:00 – 11:20

USCT Image Reconstruction: Acceleration using Gauss-Newton Preconditioned Conjugate Gradient

Speaker

Hongjian Wang

Location

Lecture Hall

11:20 – 11:40

3D time-domain spectral-element ultrasound waveform tomography

Speaker

Christian Boehm

Location

Lecture Hall

11:40 – 12:00

Joint reconstruction of ultrasound and photoacoustic tomography images

Speaker

Mark Anastasio

Location

Lecture Hall

12:00 PM
