

Session Program

October 31, 2017 to November 3, 2017

International Workshop on Medical Ultrasound Tomography

Session 5: Ultrasound tomography systems

Thu, November 2

8:50 AM

Session 5: Ultrasound tomography systems

Session | **Location:** Lecture hall | **Conveners:** Jeffrey Bamber, Takashi Azuma

08:50 – 09:30

Ultrasound Computed Tomography: Historically Guided Musings

Speaker

James F. Greenleaf

Location

Lecture hall

09:30 – 09:50

A Multi-Modal Ultrasound Breast Imaging System

Speaker

Jorge Camacho

Location

Lecture Hall

09:50 – 10:10

First steps towards the Delft Breast Ultrasound Scanning System (DBUS)

Speaker

Koen van Dongen

Location

Lecture Hall

10:10 – 10:30

Hybrid Optoacoustic and Ultrasound Imaging System with a Multi-Segment Detector Array

Speaker

Elena Mercep

Location

Lecture Hall

10:30 AM
