

Session Program

October 31, 2017 to November 3, 2017

International Workshop on Medical Ultrasound Tomography

Session 9: Image processing

Fri, November 3

11:00 AM

Session 9: Image processing

Session | **Location:** Lecture hall | **Conveners:** Richard Prager, Peter Littrup

11:00 – 11:20 AM

Postprocessing workflow of 3D-USCT: bridging the gap to the clinic

Speaker

Torsten Hopp

Location

Lecture Hall

11:20 – 11:40 AM

Tissue Characterization With Ultrasound Tomography Machine Learning

Speaker

Gursharan Sandhu

Location

Lecture Hall

11:40 AM – 12:00 PM

Challenges and applications of registering 3D Ultrasound Computer Tomography with conventional breast imaging techniques

Speaker

Patricia Cotic Smole

Location

Lecture Hall

12:00 PM
