

Reuf Kozlica

Junior Researcher (FH Salzburg)

reuf.kozlica@fh-salzburg.ac.at https://github.com/reufko https://www.linkedin.com/in/reuf-kozlica/ 2015-2018

Bachelor's Degree

(FH Salzburg)

Media Informatics

2018-2020

Master's Degree

(FH Salzburg)

Data Science & Adaptive Software Systems

2020-present

Junior Researcher (FH Salzburg)

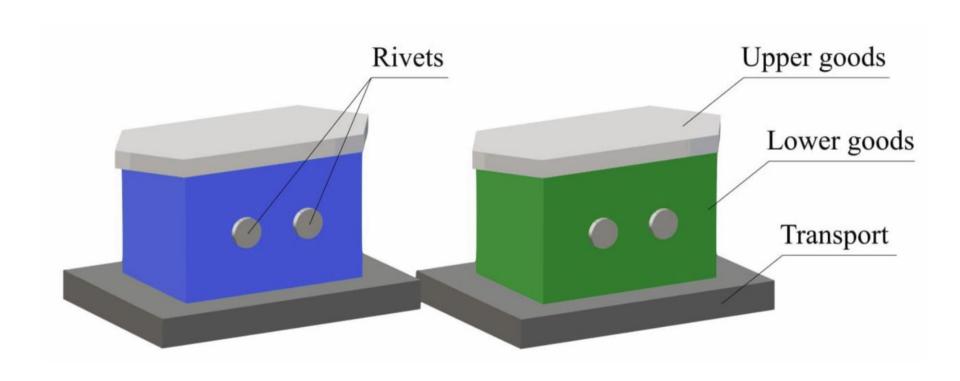

Doctoral Student (University of Salzburg)

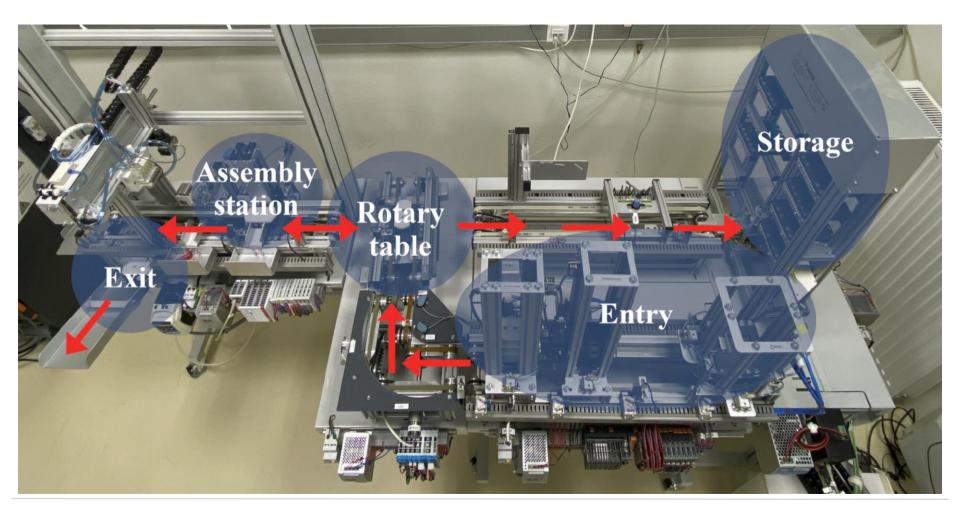

Involvement in RL:

- Reinforcement Learning in Production Plants
 - Automatic assembly and sorting of products
- Teaching-Assistant

I'm interested in:

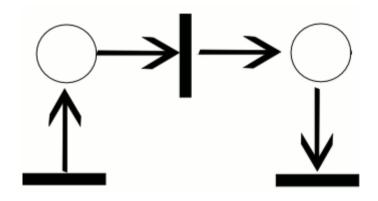

- Advanced RL algorithms with focus on hierarchical methods
- Robustness and scalability of RL algorithms
- Deployment of RL algorithms to real world tasks and architectures

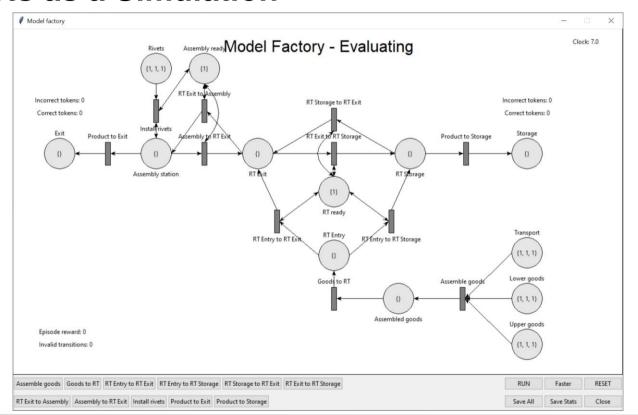

Petri Nets as a Simulation

- Mathematical modeling language
- Directed bipartite graph:
 - Places
 - Transitions
 - Arcs
 - Tokens
- Graphical notation for stepwise processes
- Application areas:
 - Process modeling
 - Control engineering
 - Simulation etc.

Petri Nets as a Simulation

Deep Q-Learning and PPO results
