

Session Program

Jun 12 - 14, 2023

KCETA 12th Workshop on Longitudinal Electron Bunch Diagnostics

Workgroups

Institute of Beam Physics and Technology (KIT)
KIT Campus North, Building 348 Weingartener Str. 76344 Eggenstein-Leopoldshafen

Tue, June 13

10:30 AM

Workgroups

Session |

Location: Institute of Beam Physics and Technology (KIT) , KIT Campus North, Building 348 Weingartener Str. 76344 Eggenstein-Leopoldshafen

10:30 – 12:30 **WG 4: Time-Resolved Diagnostics**

Speaker

Marie Kristin Czwalinna

Location

Building 329, 301

10:30 – 12:30 **WG 1: Diagnostics in the Spectral Domain**

Speaker

Johannes Steinmann

Location

Building 348, small seminar room

10:30 – 12:30 **WG 2: Fast Electronics for Detectors and Data Acquisition**

Speaker

Michele Caselle

Location

Building 242, 413

10:30 – 12:30 **WG 3: Diagnostics in the Time-Domain**

Speakers

Bernd Steffen, Serge Bielawski

Location

Institute of Beam Physics and Technology (KIT) , KIT Campus North, Building 348 Weingartener Str. 76344 Eggenstein-Leopoldshafen

12:30 PM

3:30 PM

Workgroups: WG 2 (Fast Electronics for Detectors and Data Acquisition) joins other working groups

Session |

Location: Institute of Beam Physics and Technology (KIT) , KIT Campus North, Building 348 Weingartener Str. 76344 Eggenstein-Leopoldshafen

15:30 – 17:00 **WG 4: Time-Resolved Diagnostics**

Speaker

Marie Kristin Czwalinna

Location

Building 329

15:30 – 17:00 **WG 3: Diagnostics in the Time-Domain**

Speakers

Bernd Steffen, Serge Bielawski

5:00 PM

Location

Institute of Beam Physics and Technology (KIT) , KIT Campus North, Building 348 Weingartener Str. 76344
Eggenstein-Leopoldshafen

15:30 – 17:00

WG 1: Diagnostics in the Spectral Domain

Location

Building 345, 113

Wed, June 14

9:00 AM

Workgroups: WG Summaries

Session |

Location: Institute of Beam Physics and Technology (KIT) , KIT Campus North, Building 348 Weingartener Str. 76344
Eggenstein-Leopoldshafen

10:00 AM

10:30 AM

Workgroups: WG Summeries
