

## **Session Program**

**September 18, 2023 to October 6, 2023**

## **KSETA Topical Courses September/October 2023**

### **Medical Physics in Radiation Therapy**

## Tue, September 19

9:00 AM

10:10 AM

10:25 AM

11:35 AM

### **Medical Physics in Radiation Therapy: Part I: Physical basis of radiotherapy - interaction of radiation with matter**

**Session** | **Location:** 30/23, 10/1, 10th floor | **Convener:** Niklas Wahl

### **Medical Physics in Radiation Therapy: Part II: Dose calculation and Treatment planning**

**Session** | **Location:** 30/23, 10/1, 10th floor | **Convener:** Niklas Wahl

## Wed, September 20

9:00 AM

### **Medical Physics in Radiation Therapy: Part III: Dosimetry and Detectors for RT**

**Session** | **Location:** 30/23, 10/1, 10th floor | **Convener:** Tim Gehrke

10:10 AM

10:25 AM

### **Medical Physics in Radiation Therapy: Part IV: Sources of radiation - accelerator technology and medical isotopes**

**Session** | **Location:** 30/23, 10/1, 10th floor | **Convener:** Tim Gehrke

11:35 AM

## Fri, September 22

9:00 AM

10:20 AM

### **Medical Physics in Radiation Therapy: Part V: Modern developments and future of RT**

**Session** | **Location:** online | **Convener:** Oliver Jäkel
