

Session Program

February 19, 2024 to March 1, 2024

KSETA Topical Courses February/ March 2024

**Electroweak symmetry breaking and physics
of extended Higgs sectors**

Tue, February 27

9:00 AM

Electroweak symmetry breaking and physics of extended Higgs sectors: Part I

10:30 AM

Session | **Location:** | **Convener:** Georg Weiglein

10:45 AM

Electroweak symmetry breaking and physics of extended Higgs sectors: Part II

12:15 PM

Session | **Location:** | **Convener:** Georg Weiglein

Wed, February 28

9:00 AM

Electroweak symmetry breaking and physics of extended Higgs sectors: Part III

10:30 AM

Session | **Location:** | **Convener:** Georg Weiglein

10:45 AM

Electroweak symmetry breaking and physics of extended Higgs sectors: Part IV

12:15 PM

Session | **Location:** | **Convener:** Georg Weiglein
