

Policy Discussion

Friday, August 31, 2018 10:45 AM (55 minutes)

Two parts:

= High level =

For users to understand where (and why) they need to push for IdPs and SPs to support policies.

Definition of the Authorisation model and the attached roles

= Technical =

The technical bits should be moved towards the end.

- policy matrix
- policy by policy
- expected issues
- how to establish security contacts et.al

Presenter: STEVANOVIC, Uros (KIT)

Session Classification: HDF AAI
