

Session Program

Oct 7 - 18, 2024

KSETA Topical Courses October 2024

Searching for new physics with gravitational waves: let's build an extreme-mass ratio inspiral waveform generator!

Mon, October 7

9:00 AM

12:15 PM

Searching for new physics with gravitational waves: let's build an extreme-mass ratio inspiral waveform generator!: Part I

Session | **Location:** Bldg. 30.23, room 06/01 (CS) | **Convener:** Mr Jens Boos

Tue, October 8

9:00 AM

12:15 PM

Searching for new physics with gravitational waves: let's build an extreme-mass ratio inspiral waveform generator!: Part II

Session | **Location:** Bldg. 30.23, room 06/01 (CS) | **Convener:** Mr Jens Boos

Thu, October 10

9:00 AM

12:15 PM

Searching for new physics with gravitational waves: let's build an extreme-mass ratio inspiral waveform generator!: Part II

Session | **Location:** Bldg. 30.23, room 06/01 (CS) | **Convener:** Mr Jens Boos
