

KIT Campus North  
FTU, Geb. 101

18 December 2024, 16:30

Presentation of the

# JULIUS WESS AWARD

of the KIT Center Elementary Particle and Astroparticle Physics (KCETA)

to Prof. Dr.

## Glennys Farrar

NEW YORK UNIVERSITY

In recognition of her fundamental contributions to particle physics – particularly QCD, supersymmetry phenomenology and dark matter, including scaling laws revealing the physical reality of quarks – and for major contributions in astroparticle physics and pioneering work revealing the structure of the Galactic magnetic field.

Please register until Dec 8, 2024
