

Baikal multimessenger concept

Motivation

- Input from Dubna to resurrect Irkutsk Baikal-GVD group using Tunka-Rex experience (Naumov & Shaibonov + Kazarina & Kostunin)
- New young group in API ISU ~5 students
- Scientific motivation: energy range, same field of view for UHE, diverse messengers
- Two young people motivated to contribute to outreach: Marshalkina & Dik

Our contribution

- Provide platform (astroparticle.online), support and **funding**
- Moving towards internationalization: adding KASCADE related educational tools

First steps

- Try to establish astroparticle group in Irkutsk (Kazarina & Kostunin)
- Astroparticle training (Budnev, Kazarina, Kostunin)
- Platform for students: forum, content management, online seminars
- We are working on publicity in social networks (e.g. instagram)
