

How Many Data Stewards Do We Need? Let's Talk Roles, Capacity, and Reality

Tuesday, September 30, 2025 4:45 PM (1 hour)

What does effective data stewardship look like in practice and how many stewards does it take? This interactive workshop invites participants to explore feasible role definitions, priorities, and team structures for data stewardship in research institutions of different sizes and capacities.

Presenter: DEMERDASH, Yasmin (Institute of Molecular Biology gGmbH (IMB))

Session Classification: Working Groups
