

## **Session Program**

**Jun 8 - 11, 2026**

# **11th International Workshop on Acoustic and Radio EeV Neutrino Detection Activities**

## **New Projects/Concepts**

Schlosshotel Karlsruhe  
Bahnhofplatz 2, 76137 Karlsruhe, Germany

## Tue, June 9

2:45 PM

### New Projects/Concepts

**Session** | **Location:** Schlosshotel Karlsruhe, Bahnhofplatz 2, 76137 Karlsruhe, Germany

2:45 – 3:00 PM

#### **POEMMA Balloon with Radio: a POEMMA pathfinder mission and unique opportunity to study High-Altitude Horizontal Air Showers**

**Speaker**

Paula Gálvez Molina

3:00 – 3:15 PM

#### **An Overview of HERON: the Hybrid Elevated Radio Observatory for Neutrinos**

**Speaker**

Andrew Zeolla

3:15 PM

3:45 PM

### New Projects/Concepts

**Session** | **Location:** Schlosshotel Karlsruhe, Bahnhofplatz 2, 76137 Karlsruhe, Germany

3:45 – 4:00 PM

#### **Status of SWGO-TURBO: interferometric radio detection of air showers at the Southern Wide-field Gamma-ray Observatory**

**Speaker**

Bjarni Pont

4:00 – 4:15 PM

#### **Towards air shower observations with SKA-Low**

**Speaker**

Katie Mulrey

4:15 – 4:30 PM

#### **Prospects of detecting PeV gamma rays with SKA-Low**

**Speaker**

Philipp Laub

4:30 – 4:45 PM

#### **Detection of cosmic-rays at over 100 MHz and multi-GHz frequencies with radio telescopes**

**Speaker**

Sjoerd Bouma

4:45 – 5:00 PM

#### **Imaging Atmospheric Radio Telescopes: a new look into the radio emission from extensive air showers**

**Speaker**

Juan Ammerman-Yebra

5:00 – 5:15 PM

#### **Hybrid radio and particle detection of air showers: potential for ultra-high-energy gamma-ray identification**

**Speaker**  
Paul Minodier

5:15 - 5:30 PM

**Detecting inclined air showers with small-scale radio antenna arrays**

**Speaker**  
Chao Zhang

5:30 PM
