

Session Program

Oct 14 - 15, 2019

International Workshop on Medical Ultrasound Tomography

Oral Presentation: Clinical Studies

Integrative Biosciences Center
6135 Woodward Avenue Detroit, MI 48202 USA

Mon, October 14

1:45 PM

Oral Presentation: Clinical Studies: Tissue Sound Speed: A Novel Imaging Biomarker for Measuring Tamoxifen Response (Mark Sak)

Session | **Location:** Integrative Biosciences Center, 6135 Woodward Avenue Detroit, MI 48202 USA

2:05 PM

2:05 PM

Oral Presentation: Clinical Studies: Tissue sound speed is more strongly associated with breast cancer risk than mammographic percent density: A comparative case-control study (Neb Duric)

Session | **Location:** Integrative Biosciences Center, 6135 Woodward Avenue Detroit, MI 48202 USA

2:25 PM

2:25 PM

Oral Presentation: Clinical Studies: Breast cancer development at the fat-gland interface (FGI): Importance of coronal imaging and ultrasound tomography (Peter Littrup)

Session | **Location:** Integrative Biosciences Center, 6135 Woodward Avenue Detroit, MI 48202 USA

2:45 PM
